PROFESSIONAL SUMMARY

I am committed Software Developer graduate with 3+ of experience. I have a passion for developing innovative software solution that expedites efficiency and effective organizational access. Currently seeking a position in a progressive environment where I can utilize and grow my skills.

WORK EXPERIENCE

DENEGOTIATORS HOUSE AGENCY; Nakuru, Kenya – *Full-Stack Developer*

Developed an Application of collecting agency fee using ReactJS, Python, HTML, CSS, JavaScript, Git**.** The App is able to keep records showing tenants rent payments instead of receipts which might get lost.

I also developed an ecommerce agency website capable of handling images and information of vacant houses and plots for sale. The technologies I used were HTML, CSS, JavaScript, Django and Git.

LEXUS DRIVING SCHOOL; Busia, Kenya — *Front-End web developer*

March 2021 - June 2021

I developed a single page ecommerce website for the company using HTML, CSS & JavaScript and Flask

DECO IMPACT COMPUTERS; Busia, Kenya — *IT Technician, Computer packages tutor*

2018 - 2019

Maintained and updated of f i ce software and hardware

INSTANCE DELICACIES; Nairobi Kenya – Full-Stack developer August 2021 – November 2021

Developer a delivery food application using Python, Django, ReactJS and Git for code versioning. The application enables authenticated users to select their delicacies of choice and make an order through filling up a form of user's information.

EDUCATION

EAST AFRICAN INSTITUTE OF CERTIFIED STUDIES,

Diploma in Computer Programming (Feb 2020 – Dec 2021)

I have a first class Diploma in Computer Programming with ICM exam body. In college, I studied programming and Computer Science fundamental topics like Data Structures and Algorithms, System Design and so on.
